ABSTRACT:

cow urine is a one of the helpful medicine in various types of disease present in human body it helps us to purify our skin and also helpful in type 1 and type 2 diabetes mellitus it also help to cure cancer disease which is abnormal growth of cell produce by human body it also helpful in inflammation because it cure swelling part and also it clear our acne problem present in mainly our youth and it can also cure chronic dermatological condition like eczema and other skin related problem it also balance our blood glucose level by maintaing insulins level present in our body cow urine also helpful in obesity patient by controlling cholestrol level in our body it decrease our cholestrol level present in our blood and remove bad fat present in our body by excrete out waste material from body and give relief from harmful toxin in our body and it also use as a laxative because it also clear constipation problem in our body and take out harmful bacteria and viruses , toxin in our body and it also help in pitta dosha which cause acne and pimple and other skin and dermatological problems cow urine is helpful in allergy related problem present in our body which give relief from allergy and inflammation it have antiinflammatory element present in it .

And also it have sulphur compound in it which give relief from various skin related problem such as pimple and acne which present mainly in our youth in adulthood it is also use as antibiotic because it kill all bacteria and viruses by removing toxin from our body and help maintaing good health.It help in cardiovascular disoder such as arrhythmic tachycardia bradycardia and hypertension or hypotension by controlling heart beat of our heart and balance our pulse rate. . .

It also help in gastric related problem by removing toxin from gastrointestinal tract

It also help in increasing neuron present In our body and helpful nervous system by maintaing central nervous system and peripheral nervous system balance by maintaing neurons and cell in our body

KEYWORD: pitta dosha known as fire element present in our body

Tachycardia-fast heart rate

Bradycardia-slow heart rate

Hypertension-rapidly increasing of heart beat in our body

Hypotension-rapidly decreasing of heart rate present in our body. . .

I. INTRODUCTION

Cow urine have antibacterial properties in it and it can take as a medicine for several patient who are suffering from throat infection tonsillitis by killing bacteria and inflammation of the part of body it have antibiotic properties in it it also clear our skin problems acne pimples etc. by taking 1table spoon everyday two times it clean our skin because it have also antiseptic and disinfectant properties in it clean our skin from inside and outside because of purifying components in it have compound sulphur in it which clear our skin and give relief from acne

1. **Curing disease through it:** can also cure diabetes as it reduce our blood sugar level in the body and give relief from sugar as it cure and maintain our blood glucose level in body and it also help to maintain our body maintain by controlling and insulate balance of insulin in the body. .
2. It also helpful in cancer because it create oxygen level in body in rbc of blood and by haemoglobin it create the strength in human to transport oxygen in body where oxygen supply are less and maintain our cell where there is an abnormal growth of cell produced in the human body.
3. It also help in reducing inflammation present in the body that can cause swelling in muscle tissues
4. Cow urine helpful in to use as a antimicrobial agent present inside the body it also help in create oxygen level present in blood inside rbc of haemoglobin which help to transport mainly 4 oxygen molecule at a time and circulate through the body in the sense we can see if 1hb molecule can transport 4 molecule of o2 there

are millions of hb present inside rbc so they can also transport many oxygen molecule present in the body

5. **Blood purifier:** it can pure our blood because it has present sulphur in it
6. **Activate renal function:** after its cosumption we see that it fasting our urine system in our body it help in excrete out urine fast
7. **Help maintain sugar level:** it also help in maintaing our blood glucose level present in our blood help in diabetes melitus patient and also helpful medicine in type1 and type2 diabetes
8. **Help in balancing abnormal cell activity:** it also help in balancing abnormal growth of cell present in our body help in carcinoma ,leukemia,sarcoma
9. **Help in maintaing cholestrol :** it also help in decreasing cholestrol level present in the body
10. **Help in constipation:** it also help in excrete out feces and urine and also waste material present in our body that create harmful effect on body
11. **Help in obesity: it** also decrease our bad fat present in our body it loss our weight 2 to 3 kg
12. **Help in dermatological condition/disease:** it help in various type of skin condition present in our as like eczema acne pimple and other
13. **Help in clearing toxins:** it also help in excrete out harmful toxins present in blood that can harm our body
14. **Help in pitta dosha:** it also balance our pitta dosha that create pus pimple and acne
15. **Dosage:** 15-20ml with warm water mix cow urine in it and take it
16. **For serious condition:** it can also be taken in serious condition 50ml with warm water mix cow urine and take it its helpful in cancer diabetes skin problem cholestrol etc. Diseases
17. **Facts:** our old prime minister morarji desai also drink his own urine and live a healthy life of about 100 years he drink daily his urine and also do urine therapy. . . So in the sense we can say that cow has 33 crore god and goddess present in it we say in our hindu culture and we worship cow as a mother so in the sense we can say how many properties can have in cow urine

II. EXPERIMENTATION

Experiment to proof it clear acne and other skin related problems :

take 1 transparent glass of water and mix betadine in it after that you can see that colour of glass turn it in black after that mix 10-15ml of cow urine in it after 2 minutes you can see the colour changing from black to white again and then we can say it can also purify our blood and can kill the toxin present in blood.

III. CONCLUSION

it's very helpful medicine which is lost somewhere in modern world but our ancestor know that things already and they use it as medicine in ancient time now its modern time to make history repeat to use it as a medicine in ayurveda it is well know medicine but by the times its value decreasing it has vast benefit in our body use as anti-inflammatory , antibiotic , swelling ,cholestrol , excrete harmful toxins , obesity , sugar , renal function and blood purification. . .

So by all the facts we can known that urine of a cow can clear all toxins present in our body help in maintaing good health in our body By consumption of daily cow urine one can make his health good and make his body fit and active he can not feel fatigue in work and can work all day without hesitation and make his body fitter clear all harmful bacteria, viruses in our body so as we can see that urination of cow can make us disease free and make us fit There are many medicinal properties present in cow urine that help in various of chronic and acute disease present in our body and help in maintaing good heart health and gastrointestinal health or nervous system health in our body as central nervous system and peripheral nervous system. .

Help in maintaing cardiovascular health and helpful in cancer patient also and autoimmune disorder in which our immune system attack in our immunity that can cause serious disease it also cure it It is also help in Parkinson disease which cause vibration in our hand and legs. . .

And help in maintaing seizure problem

And also helpful in epilepsy

It is also use as antiepileptic medicine

So by all the proof and experiments we can known that it is very helpful medicine that has forgotten with time

And use in vide variety of diseases
